## Notes:

[1]: \* = Duration of occurrence > 1 hr (date and/or time may not be actual start time of offense)

UCR = Uniform Crime Reporting standardized crime description (used by FBI and most Police departments)

Part 1: Incidents with a '1' in this column are more serious crimes, frequently mentioned separately in Police crime reports

Gang Activity = 'Y' if the incident was gang-related

Note that columns C (Occurrence End) and J (Premises) are hidden in order to fit sheet on page (landscape) for printing.
