

# HPHA DECLARATIONS OF COVENANTS & RESTRICTIONS UPDATES

---

07/11/2024

Board Meeting

# Existing Restrictions

- *Single-Family Use*
  - *Servant's quarters allowed (for bona fide servants ONLY)*
- *Homes are limited to two stories in height*
- *Minimum square footage*
  - *1,250 ft<sup>2</sup> for single-story homes*
  - *1,500 ft<sup>2</sup> for two-story homes*
- *Maximum lot coverage of 2,677 ft<sup>2</sup> (~33.5% of lot area)*
  - *For all buildings and improvements (not defined)*
- *No buildings are allowed beyond platted setbacks*

# Existing Conditions

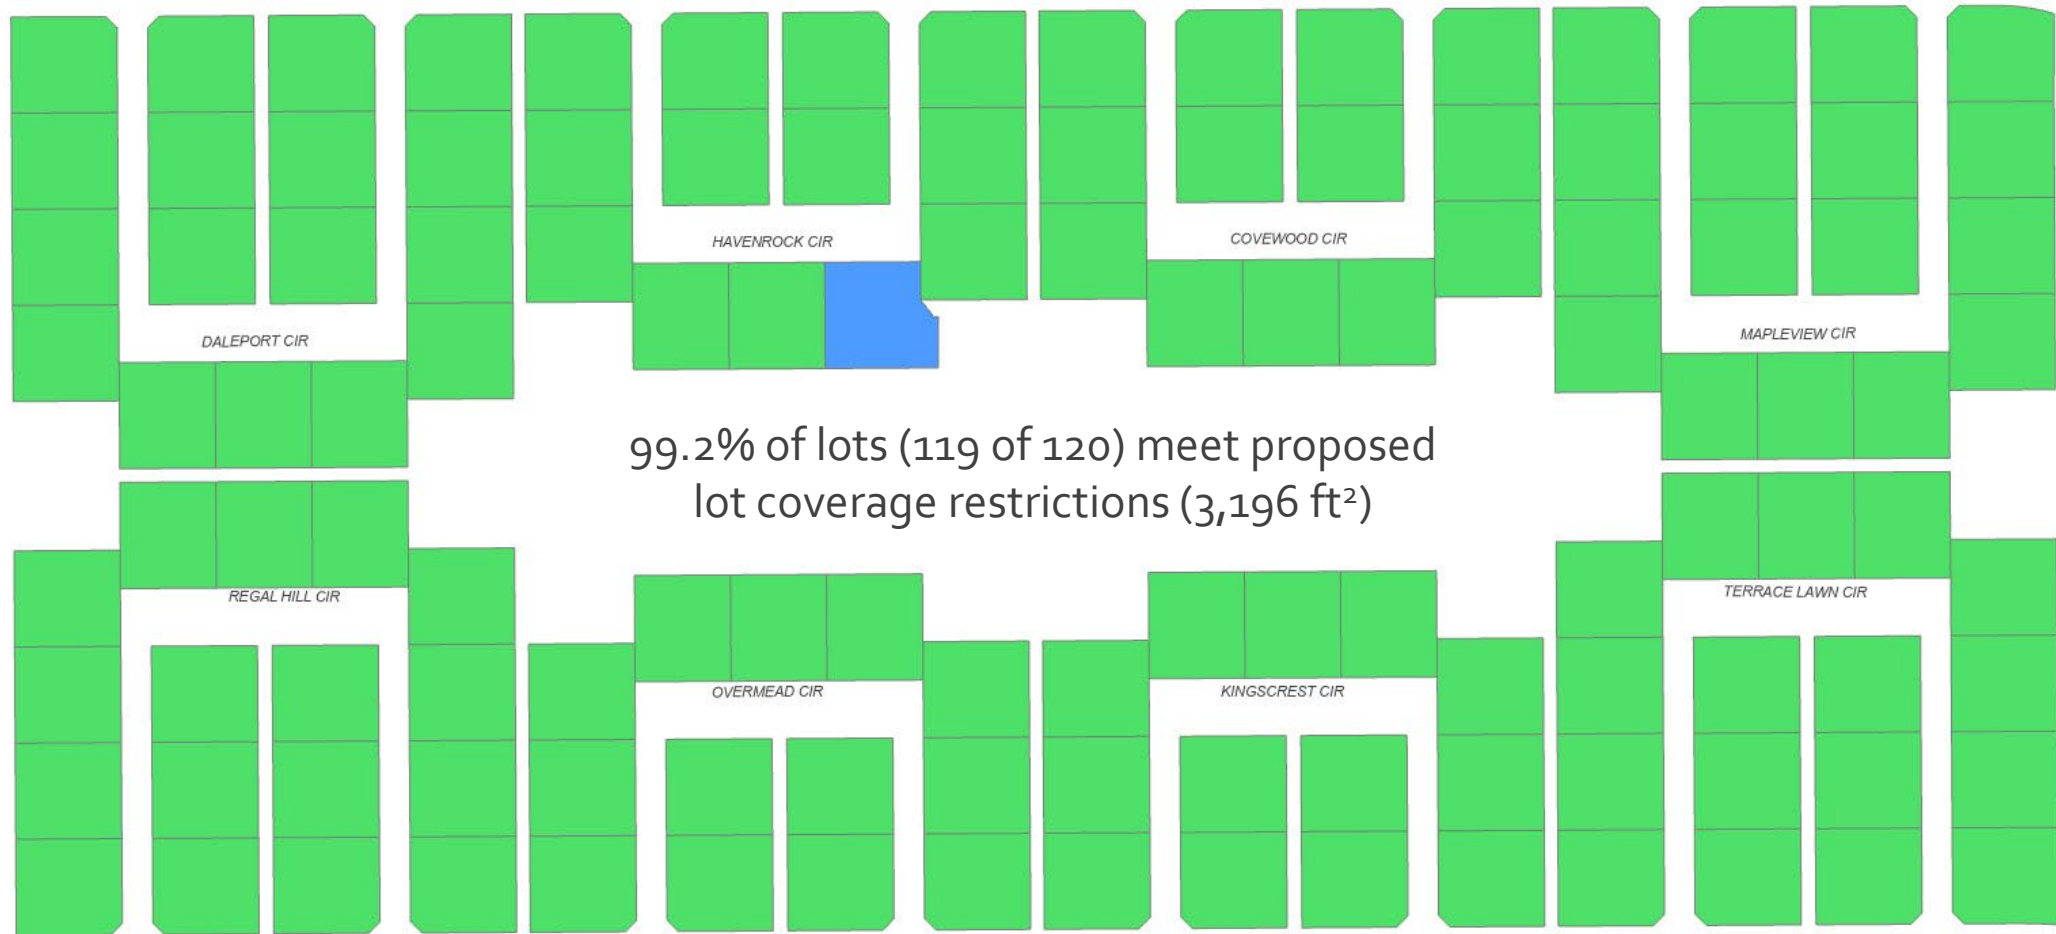

1/3 of lots (40 of 120) do not meet current lot coverage restrictions (2,677 ft<sup>2</sup>)

# Major Proposed Changes

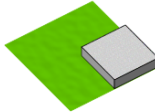

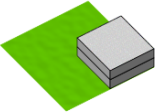

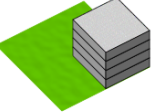

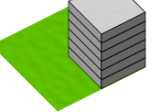

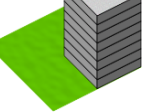

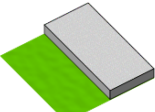

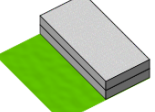

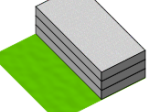

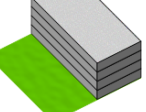

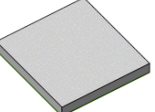

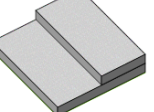

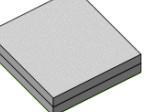

- Adopt maximum roof height of 30 ft
- Adopt maximum lot coverage of 50% (3,995 ft<sup>2</sup>) for all structures and improvements
  - Maximum lot coverage for structures (homes, garages, & outbuildings) is 40% (3,196 ft<sup>2</sup>)
  - Define improvements to include:
    - Porches
    - Patios
    - Driveways
    - Walkways
    - Pools
    - Water features

# Existing Conditions

# Major Proposed Changes

- Adopt floor area ratio (FAR) of 0.5 (50%) for properties
  - FAR measures the relationship between a building's usable floor area and the area of the lot on which the building stands
  - Maximum area (all floors) of combined homes, garages, and outbuildings at 3,995 ft<sup>2</sup>

FAR / FSI / BCR	0.25 / 25%	0.5 / 50%	1 / 100%	1.5 / 150%	2 / 200%
25%					
50%	not possible				
100%	not possible	not possible			

# Additional Proposed Changes

- Explicitly state garage conversions are allowed
- Update language for setbacks to reference zoning restrictions
- Add requirement that properties experiencing long-term construction be kept clean and orderly to minimize negative impacts to neighbors
  - If contractors cannot adhere to this, a temporary 6-ft privacy fence should be erected
- Add requirement that contractors abide by construction restrictions specified in the City of Dallas Development Code
- Limit incompatible scale by discouraging shed or flat roofs on two-story houses
  - No more than 50% of roof on front façade can be shed or flat style
  - Encourage gable or hip roof forms, which are most common in the neighborhood
